Cullybackey Road
BALLYMENA
BT43 5DW

January 2023

Dear Parent/Guardian

We would like to remind you to download the new Safer Schools NI App, provided to us by the Department of Education and INEQE Safeguarding Group.

Young people's lives are intertwined with the online world; their online presence is now part of who they are. Young people send messages, livestream, game and use social media platforms on a daily basis. The Safer Schools NI App will help you to navigate the digital world that young people experience every day.

The attached document will guide you on how to create an account and log in using the login code provided. We would encourage you to download the Safer Schools NI App and review the excellent guidance and resources provided which have been designed to keep our young people safe online.

Yours faithfully

Mrs B McGreevy
Assistant Principal | Head of Pastoral Care
